# Jet Essentials

Complete operational reporting inside Excel.

Jet Essentials integrates all your real-time data from Microsoft Dynamics into custom Microsoft Excel reports. Any report you need – exactly the way you want it. No exporting, no copying and pasting, and no coding.

Drag-and-drop design from the Jet Reports Browser to build engaging reports quickly.

Create powerful, stunning reports to communicate effectively.

Jet Essentials is all Excel
▶ Familiar and easy to use
▶ Leverage all MS Excel capabilities
▶ Begin using and building reports immediately

Automate report distribution
▶ Easy scheduling wizard
▶ Distribute daily, weekly, monthly, or trigger-based
▶ No more missed deadlines

Quickly consolidate information
▶ Consolidate across multiple companies and databases in a single report
▶ Drag-and-drop report design

Connect real-time to your data
▶ Microsoft Dynamics AX
▶ Microsoft Dynamics GP
▶ Microsoft Dynamics NAV
▶ Microsoft SQL and more…

Drill down on your reports
▶ Access all your data - including customizations
▶ Drill into the details behind the values
▶ Make informed decisions

"We complete reporting in about a quarter of the time with Jet Reports."
– Mike Ball, J.R. Simplot
